Claim Adjudication/Post Payment - TPL File Maintenance

Replace Outdated TPL Coverage

Post Previously Unknown Coverage

Post Payment Medicaid Recovery – X12 837 I, P, & D

Changes to the Implementation Guides

Allow Direct Billing to Willing Trading Partners

An X12 Standard Format for A Non-Covered Transaction

X12 269

Coordination of Benefits

Verification Request and Response

Prior Payers Paid Amount and Patient Responsibility

Health Level Seven (HL7)

HL7 - The Organization

- Standards Setting Organization (SSO) accredited by the American National Standards Institute (ANSI)
- Focus on electronic exchange of clinical data
- Comprised of...
 - Technical Committees (TC)
 - Special Interest Groups (SIG)

Understanding the link to HIPAA

- Member of the Designated Standards Maintenance Organization
- Attachments Special Interest Group (ASIG)
 - Co-chairs are:
 - Maria Ward
 - Chris Stahlecker
 - Clem McDonald
 - Penny Sanchez

Beyond HIPAA

- Continual evolvement of the HL7 Architecture and Standards...moving towards version 3.0 and XML
- Attachment standards in development by HL7:
 - Prior Authorization and Pre-certification
 - Home Health
 - Durable Medical Equipment
 - Hysterectomy, Sterilization and Abortion
 - Children's Preventive Health Services
- Attachment standards in development by NMEH:
 - Vision
 - Non-Emergency Transportation

Beyond HIPAA...

- Development of other standards...
 - National Immunization Registry Electronic transfer and inquiry of immunization data
 - Provide input to End Stage Renal Disease database
 - National Cancer Registry
 - Patient Medical Records Information (PMRI)
 - National Electronic Disease Surveillance System (NEDSS)

The Challenge

- Collection and sharing of data while maintaining integrity of data and privacy of Protected Health Information
- Coordinating data collection among multiple entities to ensure non-duplication of standards
- Education to health care entities...
 - How to effectively use HL7 and other standards
 - Benefits of using HL7 and other standards
- Commitment to long-term standardization of data in the health care arena

NCPDP

NCPDP Approved Standards

- Manufacturer Rebates, Utilization, Plan, Formulary, and Market Basket Flat File Standard and Implementation Guide
- Pharmacy ID Card Implementation Guide
- SCRIPT Standard and Implementation Guide
- Medicaid Subrogation Implementation Guide
- UCF

DSMO

DSMO Process

- Requests for adopting a new standard or modifying an adopted standard for a new function
- Enter requests at www.hipaa-dsmo.org
